Questions for Carers and Supporters

Please answer these questions to make sure the doctor or nurse knows as much as they can about the person you care for.

(or, if you are able to, fill these in for yourself)

What reasonable adjustments should be made for the person you care for?

- They would prefer a nasal spray e.g. for flu vaccination
- They have a high or low pain threshold
- They do not like needles
- They do not like the manual Blood Pressure Cuff
- They do not like the digital Blood Pressure Cuff

Are there other reasonable adjustments that could be made?

e.g. flexible appointment times, quiet waiting room, specific communication needs

Please tell the GP or Nurse the medications the person you care for takes and if there have been any changes.

What has changed since the last Health Check?

e.g. mobility, family member passed away, behaviour, sleep routine

Are you a paid or unpaid carer?

Are you registered as a carer with the GP? Yes / No

Have you had a carers review? Yes / No

Is there anything you are worried about or would like to ask? It could be about you or the person you care for.
